

Setting up eduroam on Android end devices

1. Download geteduroam via the Playstore. Link

2. Open the app and search for DKFZ. Then select Deutsches Krebsforschungszentrum (DKFZ).

3. Fill out your username and password. Then click login.

The username is userid@dkfz-heidelberg.de, not the email address!

4. Allow any prompts about saving the WiFi configuration.

5. eduroam should now be set up and your smartphone should connect automatically.

The installation is now finished.
